LARENCE E. McALISTER

Clarence E. McAlister of Albany, died Tuesday, Sept. 16, 1980, at Stephens Memorial Hospital, Norway, where he had been admitted earlier in the day.

He was born in Albany, July 10, 1900, the son of Charles and Flora McAlister. He had been a farmer and woodsman and for many years mowed the roadsides in the area for the state.

Survivors include a half sister, Mrs. Margery McAlister of Bethel; one foster son, Everett Hatstad of Albany; two foster daughters, Mrs. Juanita Haines of West Bethel and Mrs. Louise Willey of Harrison; and seven foster grandchildren. Funeral services will be held Saturday at 2 p. m. at Hunt's Corner Church, Albany, with interment in Albany Cemetery.

Major Ted and Rachel McKnight, Shelby and Josie, are visiting Mr. and Mrs. Robert Keniston, on their return from Lakeland, England, on route to Langley AFB, Va. The McKnights have been stationed at RAF Woodbridge for the past three years.

Mercedes Brent, daughter of Betsy Brent and Debby Barker, daughter of Brad and Judy Barker, each caught pigs in the pig scramble at the Oxford County Fair on Saturday afternoon. The prizes were keeping the piglets, however they opted to sell them to a farmer at the fair instead and return home a little richer.

Mr. and Mrs. Paul Kailey

Kailey Honored by Gould Alumni

At the Annual Alumni Day luncheon and meeting of the Gould Academy Alumni Association last Saturday, former Gould teacher and coach Paul K. Kailey was honored as the recipient of a special faculty award.

Mr. Kailey was born and raised in Berlin, N. H., and after a tour of duty in the Air Force in World War II, he graduated from Middlebury College with an A. B. degree. While in college he was an outstanding four-event skier and athlete.

He came to Gould in 1951 as a teacher of social studies, and remained for 16 years. During that time he also served as an assistant football coach and head ski coach for the Gould Academy Huskies. His ski teams were always a threat to win state and regional titles, and in 1961 and 1962 his team won both the State of Maine Class A and New England Interscholastic Ski Championships.

Four members of his 1962 team went on to participate in the Junior Nationals that year. While teaching at Gould, Kailey began a modest ski shop business in his home, later expanding it to two ski shops—in Bethel and at Sunday River Ski Area, a development he was instrumental in starting. He left Gould in 1967 to operate his ski business full time, later selling the business to the Jack Frost Shops of Jackson, N. H. He now works as a sales representative for the Scandia Corporation. He and his wife, Jean, have three children, all Gould graduates—Peter 1969, Cindy 1973, and Chris 1977.

The award was made by Lee F. Carroll '55, president of the Alumni Association, who remarked that it was quite a coincidence that the 25-year reunion class had dedicated their 1955 yearbook to Paul upon their graduation.

Now is the time to return books to the Bethel Library which may be overdue. During September and October there will be no fines. When cleaning house this fall please make an effort to return books which belong to the Library.

Alumni Week End Is Huge Success At Gould

Gould Academy alumni and their families returned to the Bethel campus in record numbers to participate in the school's Annual Week End. A total of 925 meals were served on Saturday, Sept. 20, a 28% increase over the total number served last year. An alumni vs. varsity cross country meet was added to the program for the first time and was well attended; and the ever popular "Gould Through the Years," an illustrated history of Gould featuring the reunion year classes, had to be known twice due to the increase in numbers desiring to attend.

The week end began with a reception on Friday for class agents, class reunion chairmen and alumni board members at the home of Alumni Affairs Director Al Barth; the fall meeting of the alumni board was held later that evening.

On Saturday, the day began with the traditional Lumberman's Breakfast, served this year in a colorful blue and gold tent behind Gehring Hall. Lots of coffee was served as the foggy and cool weather made the more than 200 people want to stay warm. The first showing of "Gould Through the Years" was given by Dr. Stan Howe, '62, at the meeting room of the Bethel Historical Society's Moses Mason House Museum. An additional 65 people took advantage of the second showing in mid afternoon due to the "standing room only" numbers in the morning.

Over 300 attended the Alumni Luncheon and annual meeting of the Alumni Association. New officers and directors were elected and include: President, Lee F. Carroll '55, Gorham, N. H.; Vice President, Dr. Mary Ann Chase Vinton '63, Damariscotta; Secretary, Deborah Hammond '61, Cumberland Foreside; Treasurer, Dr. John Vinton '59, Damariscotta; and Alumni Trustee at Large Ann Hastings Marton '56, Hanover. — Mrs. Colista Morgan, Corres. —

On a day when I am especially ambitious I like to walk along a wonderful looking mountain. It is at least three miles on the route which I take up and back and although I have done it many times, I have never tired of it. There seems always to be something new to marvel at in the thickets and the woods. I prowl and poke my nose into odd places. Occasionally I dart into what was once an old home site but now is deserted. There have been many wonderful moments on these walks, such as on this one. When I passed through a tall overgrown hedge and came out the other side, I flushed a great flock of goldfinches. They flew in swarms around my head and then away. These birds flew far away across the field and I could hear their call, as in haste they went flying high. It was like summer spreading her veil of color across the sky.

Part way up I could see gardens in full bloom. Sunlight sifted through the canopy of the giant maples as it has all summer. The pond water was clear and dark. All over the country side Nature had painted familiar scenes of harvest.

I never cease to love the mountains rising high and note the grandeur when trees put on their spectacular carnival; blending in a radiant design.

I lingered beneath a pine tree's shadow and sat beside the trail to see beauty everywhere. It was very restful.

Tiny lazy white clouds floated slowly along, as I rose to my feet to continue my climb.

Even though we search the year from front to back we find no season where color lurks, as in autumn.

October is coming and as it approaches between summer and winter; it retains some of the life of the former and a bit of the gloom of the latter. But it's a radiant month of color, crisp air, and swirling leaves.

I took another route to come home; down by the blackberry patch, over toward our spring and down the Woods Road.

NEWS FROM S. A. D. #44 ADULT EDUCATION PROGRAM

Classes have begun for the Fall term of S. A. D. #44's Adult and Community Education program with many new faces among both faculty and students. Many classes have room for additional students. To inquire about available space call the Adult Education Office at Telstar, 824-2136.

A few reminders for students who are enrolled—please remember that you as an individual are a vital part of the class you have signed up for. Please try to attend every class, and be on time. If you have suggestions about how the course could be improved, don't hesitate to offer these to the teacher. Good adult education classes result from interchange between all of the class members—teacher and students.

One exciting development this fall is the number of adults who have enrolled in the S. A. D. #44 Adult High School diploma program.

Mr. and Mrs. Jay Lee Darling

On Aug. 16, 1980 the Congregational Church in Bethel was the setting of the marriage of Nancy Alice Brown, daughter of Mr. and Mrs. Arnel Brown, Bethel, to Jay Lee Darling of Phippsburg. Parents of the groom are Mr. and Mrs. Jay Darling, also of Phippsburg.

The bride wore a white dress with a lace overdress that was made by her mother. She carried a bouquet of fresh cut long stemmed roses and had a wreath of mixed garden flowers in her hair designed by Malinda Seames.

The groom was dressed in mint green.

The matron of honor was Malinda Seames, sister of the bride. She wore a lavender skirt and top.

The best man was David Bouget of Bath, friend of the bride and groom.

The bridesmaids were Betsy Brown of Portland, sister of the bride; Donna Ryan of Boston, and Diane Whitaker of Augusta, both roommates of the bride. The colors of the dresses were mint green, blue and pink. They carried fresh cut long stemmed garden flowers.

The ushers were John, Jeff and Joe Darling, brothers of the groom. They wore mint green tuxedos.

The reception followed at the home of the bride's parents.

The wedding cake was made by Mrs. Peggy Silphen, relative of the groom. Desserts were made by Mrs. Sally Hannan.

The flowers were arranged by Mrs. Phyllis Dock, and Mrs. June Greig.

The music at the wedding was played by Mary Valentine and sung by Lynn Deever, a room-mate. "Sky High" provided the music at the reception.

Miss Kelly Brooks and Miss Penny Bean took care of the gift table.

The bride and groom spent a few days in New Hampshire and are soon moving into their new home in Phippsburg.

SCHOLARSHIP FUND

nouncement at this time so as to reach the large number of Gould alumni assembled here. You could well be interested.

"The fund will be a modest one, but an 'open ended' fund by which is meant it can be added to later if conditions and circumstances so indicate.

"The fund will be administered (to include investment of the principal) by a committee yet to be established. The income from the investment of the fund will then be used to financially assist selected, qualified and interested Gould students, or candidates to become Gould students under this program, who desire to seek admission to one of the four United States Armed Services Academies: i. e. The United States Military Academy, West Point; the United States Naval Academy, Annapolis; the United States Air Force Academy, Colorado Springs; and the United States Coast Guard Academy, New London.

"Candidates will be selected from the following categories and in the priorities listed.

"First. Sons and daughters, grandsons and granddaughters, of Gould Academy alumni from the local Bethel, Maine, area. Such candidates would fall in the category of 'Day Students' at Gould.

"Second. Sons and daughters, grandsons and granddaughters of Gould Alumni from the State of Maine.

"Third. Sons and daughters, grandsons and granddaughters of Gould alumni other than in the above categories.

"Fourth. "In the absence of candidates in the above categories, selectees will be chosen in the following order of priority: (1) Qualified candidates from the local Bethel area, (2) Qualified candidates from the State of Maine, (3) Qualified candidates 'at large'.

"Those, then, are the broad outlines of this unique fund. More details will be forthcoming as they are developed. As I have said, this program should be of special interest to all Gould Alumni and, as far as the school is concerned, I assure you we welcome it and we will make the necessary arrangements to integrate it into our overall plans and program in such a way as to assist to the fullest extent the selected candidates in their quest for a career of service to our Nation in its Armed Forces."

TO DEMONSTRATE BIOFEEDBACK PROJECT AT TELSTAR SEPT. 29

The Maine Lung Association's Biofeedback Project will be demonstrated to interested community members on Monday evening, Sept. 29, at Telstar. Science instructor Tim Kersey and his students will be conducting the demonstration.

The Biofeedback Project is designed to stimulate a positive change in the smoking habits of junior and senior high school students and adults through use of equipment which measures the effect of smoking one cigarette in terms of carbon monoxide level, hand tremor, skin temperature and pulse rate.

The S. A. D. #44 Health program and the Adult and Community Education program are cooperating on this one evening program which will begin at 7 p. m. There is no charge and no need for advance registration. Both smokers and non-smokers should find the program instructive and it offers adults a chance to share an experience with their high school and middle school children.

a one-year term on the board was Nat Bartholomae '40, Wappingers Falls, N. Y.; and for three year terms, Lee F. Carroll; Barbara Dougherty Brown '48, Bethel; Donald E. Cooper '49, Auburn; Lee J. Coulombe '54, Berlin, N. H.; Elizabeth H. deFrees '80, Rumford, Bethel; Deborah F. Hammond; and C. Gary Hill '62, Hollis Center.

A special faculty award was given to Paul G. Kailey, teacher of social studies and outstanding ski coach at Gould from 1951 to 1967.

Following the luncheon, Gould teams were in action against Telstar, the girls' field hockey team losing to Telstar 5-1, while the varsity soccer team won 6-2. The alumni team came through with a 21-41 victory of the cross country team, with Dan Vogt '71, winning, followed by Gould senior Matt Isham, 2nd; Ken Remsen '67, 3rd; Fred Judkins '62, 4th; AJ Driscoll, another senior, 5th; and Dr. Don Christie, 6th. The race was the idea of outstanding distance runner Judkins, and the success of this 1st Annual Alumni Invitation Run insures its being an annual affair.

Prior to the Banquet, Headmaster Donald W. Fudge and his wife, Dorla, hosted a reception for the alumni at their house. Three hundred seventy-five then enjoyed a magnificent buffet topped by four huge steamships of roast beef, served in the William Bingham Gym, as was the alumni luncheon.

At the banquet, a cake in the shape of Gould Academy's main building, Hanscom Hall, was presented to the 50-year reunion class of 1930. The beautiful cake was baked and decorated by 1930 class member, Leona Brown Flint. Members of the class of 1930 were then presented with their honorary 50-year diplomas by Headmaster Fudge. Coach Ordell Anderson, a retired faculty member, who taught at Gould more than 40 years, was made an honorary member of the class and received his diploma with the others.

Avis Cottrell Bourne, of the class of 1923, was presented with Gould's Alumni-of-the-Year award by President Carroll. Following a short talk by Headmaster Fudge concerning the loyalty, enthusiasm and support of the alumni and his hopes for their continued support, the official festivities ended.

Individual class parties, breakfasts, brunches, picnics and other activities then continued into the night and on Sunday.

Plans are already underway for next year's Alumni Week End, which will feature the five-year reunions of the classes with numerals ending in "1" and "6".

Mr. and Mrs. Donald Ferguson of Exeter, N. H., spent the week end with Mrs. Joan Coolidge and attended her 50th class reunion at Gould Academy.

STUDYING "MR. H"

Gould's first graders at Ethel Bisbee School made "Horrible hair" for Mr. H last week. The children posed Friday afternoon with their green crepe paper hair.

THIS WEEK AT

ETHEL BISBEE SCHOOL
Plans are being made for the first Ethel Bisbee School Open House of the year on Oct. 8. Please remember to reserve the date. The staff is looking forward to meeting the parents and friends of E.B.S. More news about this next week.

The first graders in Mrs. Gaudreault and Mrs. Gould's classes have been busy with the Letter People from Alphaland (the first grade reading program). Recently they made "funny feet" for Mr. F and had fun wearing large paper feet they decorated. Green crepe paper strips became "Horrible Hair" for Mr. H. The children were delighted to see how they looked in their "horrible hair."

The Campbell Soup Labels for Education Program officially starts in early December. As soon as the catalog arrives the equipment will be chosen and the goal set. The children can start bringing in labels anytime. Class contests will be run as in the past. Already collected are almost a thousand labels. Last year the school used over 17,000 labels.

FOOD, SHELTER, CLOTHING SUBJECT OF COURSE
OFFERED BY ADULT ED.

Food, shelter and clothing, the energy input in our daily living, will be the subject of a three week series offered by the Maine Audubon Society at Telstar Regional High School on Wednesday evenings, from 7-10 p. m. on Oct. 8, 15 and 22. The series, developed through the sponsorship of the Maine Savings Bank, is designed particularly to acquaint teachers and parents with energy issues.

The Food Workshop explores nutrition, calories and net energy, through the study of food chains and food pyramids, and past and present production methods, past and present. Resources which could be translated into school-family or community projects will be explained.

The Shelter Workshop will review housing trends of the past, current home and school energy patterns and speculate on future designs for the Maine climate. Information on practical classroom projects including energy audits and conservation projects will be presented.

The Clothing Workshop will view the manufacturing of clothing from an historical perspective. Participants will construct their own handspindles and spin yarn from wool. From Gucci Jeans to L. L. Bean, the Workshops will take a hard look at what's worn, where it comes from and what to look for in the future.

One of the Workshops will be held at the Maine Audubon Society headquarters in Falmouth. The registration fee for the course will include round-trip transportation to Falmouth. To register: phone the Adult & Community Education office at Telstar, 824-2136.

COUNTY SHERIFF RECEIVES SPECIAL RECOGNITION
Sheriff Alton L. Howe of Oxford County, along with two of his management staff, have received special recognition for their contribution in conjunction with the "Small Jail Management Development Program" sponsored by the National Institute of Corrections Jail Center of Boulder, Colo.

Sheriff Howe, a long term member of the Maine Sheriff's Association, volunteered his facility and the services of Capt. Roland J. Beaudoin and Chief Correctional Officer Ernest F. Martin to participate in an intense nine-month project which generated a model policy and procedures manual, accepted nationwide by sheriffs and jail administrators.

Since taking office in 1973, Sheriff's Howe's accomplishments include the building of a new county jail complex and the recent development of a constitutionally sound policy and procedures manual, both of which have been utilized as a local and national technical resource.

In contrast to the numerous articles of the deficiencies of the physical structures of many of Maine's jails, the locally developed and widely accepted uniform policy and procedures manual, by a member of the Maine Sheriff's Association, has placed the association member in the national forefront for advances towards modern management practices.

The presentation of certificates to Sheriff Howe and his staff members was made at the monthly Sheriff's Association meeting held at the Country Way Restaurant, Paris, on Thursday afternoon, Sept. 25.

MEETINGS AND CONVENTIONS

COMMITTEE FORMED IN BETHEL CHAMBER

A group of Bethel area persons representing facilities having a potential to support meetings and conventions met at the Moses Mason Museum on Tuesday to form a committee within the Greater Bethel Chamber of Commerce that can promote greater use of local inns, restaurants and meeting areas for conferences, meetings and conventions.

The first objective of this group is to join the newly formed Maine for Meetings and Conventions Association which is closely connected with the Maine Publicity Bureau. Sufficient funds were pledged at Tuesday's meeting to allow this committee to join the statewide organization. The committee plans to be self-sustaining with the local chamber of commerce. Dues for those interested in joining this effort were decided at \$50 per business or non-profit organization.

Other plans for the committee on meetings and conventions will be to contact likely organizations and solicit their support. As the next immediate step, the committee plans to draw up a brochure which can be sent to prospective organizations looking for meeting sites. The brochure will portray Bethel as possessing a variety of facilities which can accommodate meetings from small family reunions to assemblies of up to 200 people. At this point, the committee members believe that Bethel offers some unique "get away" attractions as well as being situated so that, like NTL delegates, people attending Bethel conferences can walk from one site to another.

COUNTY REPUBLICAN COMMITTEE MET SEPT. 16
The Oxford County Republican Committee met on Tuesday, Sept. 16, at the Congregational Church hall in Bethel. A 6:30 pot luck supper preceded the regular monthly meeting.

Guest speaker for the evening was Nicholas J. Pulia, Rumford, an active member of the Save Maine Yankee Committee, who imparted his views on the Sept. 23 nuclear referendum in Maine.

The meeting was conducted by Leland Brown, Bethel, chairman of the County Committee. He introduced each of the following candidates for office: James Archer, Norway, candidate for Representative from District 66; Richard Armstrong, Wilton, candidate for Representative in District 39; William "Gene" Blackford, Norway, candidate for Sheriff of Oxford County; Rep. Karen Brown, Bethel, candidate for re-election in District 63; Norman K. Ferguson, Jr., Hanover, candidate for re-election as an Oxford County Commissioner; Irene Hutchinson, Mexico, candidate for a House seat in District 67; Rep. Laurence Kjesman, Fryeburg, candidate for re-election to a House seat, District 64; Kathleen Mersereau, Rumford, candidate for Representative of District 68; Paul Nevers, Norway, for re-election as Register of Probate; Rep. John Rollins, East Dixfield, candidate for a Senate seat, District 16; Sen. Roland Sutton, South Paris, candidate for re-election in Senate District 5; Richard Whiting, Rumford, candidate for re-election as Judge of Probate.

State Committeewoman Nancy Sutton, South Paris, thanked the County Committee members who assisted at the county fair booths. She reminded members of the Reagan/Bush volunteer literature drop on Oct. 4, and urged all local and county candidates to drop off their own campaign materials with the Reagan/Bush material. Mrs. Sutton read a letter from Sue Bell, Norway, candidate for a House seat in District 65, who was unable to attend the meeting. Ms. Bell thanked the County Committee for its backing of her campaign.

Norman K. Ferguson, Sr., Hanover, announced a Victory '80 dinner at the Augusta Civic Center on October 18; this is a fund-raiser for Maine Republican Headquarters. Tickets may be purchased from Mr. Ferguson.

A letter was read by Secretary Gail Roach from Rep. Karen Brown, thanking the Committee for its continued financial support of her re-election efforts.

Members of the Fryeburg Town Committee stated things were well prepared for the upcoming Fryeburg Fair.

The next meeting will be on Oct. 14 at 7:30 p. m. at the South Paris fire hall.

Towns represented at this meeting were: Andover, Bethel, Dixfield, Fryeburg, Hanover, Hebron, Mexico, Norway, Peru, Rumford, South Paris, Sumner, Upton, and West Paris.

A rising vote of thanks was extended to the Bethel Town Committee for hosting the meeting and for their work in readying for the supper.

But next spring we will be far more sure of what it was.

Bear River Grange will meet Sept. 27 for a regular meeting preceded by the usual pot luck supper. The executive committee is to tend to the glass in the basement windows that is loose.

Mrs. Kaye Blossy of Fort Lauderdale, Fla., is spending several days with her mother, Mrs. Peggy Blake. She also calls on her sisters, Myrna Carter, Loretta Merrill and other relatives including her Grandma Eva and Uncle Joe Yates.

INFUENZA

The flu season is fast approaching. Influenza or flu is an infectious disease caused by a virus. There are two main types of flu virus and both types include various strains. From time to time new strains develop. The townspeople may catch this new strain of flu even though they received the flu shot. Remember, these are new strains.

Vaccines are available against the most common and current strains of flu and will be available at two free clinics. Those people with chronic illnesses, such as heart disease, lung disease, chronic kidney disease, and diabetes and anyone over age 65 are recommended to receive the flu shot. Other people do not need the flu shot and will not receive it at the free clinic. The clinics will be held at the Methodist Church on Oct. 14 from 13 p. m. and Oct. 16 from 7 to 9 p. m. If you do not regularly attend the Bethel Area Health Center, please bring a note from your doctor stating reason to receive the flu shot. If this note is not present, you will not be given the flu shot, unless you are also over 65.

FOREST MAY BE FACTOR IN FUTURE GLOBAL POPULATION

A University of Maine at Orono forestry faculty member has told an audience in Tacoma, Wash., forest material for industrial purposes may become a political as well as a technical problem in the future. Dr. Harold S. Young, director of UMO's Complete Tree Institute, says it appears unlikely that the forests can meet all of the national requirements for energy, raw material for chemical industries, food and fodder in addition to solid and reconstituted products. "This suggests that at some future time the allocation of forest material for industrial purposes may be a political as well as technical problem, for the forests may be a major limiting factor in determining maximum global population," Young said in the Sept. 17 talk.
